Calculus 1(Differential Equations) Administrative arrangments

- Dr Andrew Hogg, Room SM2.1, a.j.hogg@bris.ac.uk

- Lectures on Mondays (1000) and Fridays (1100)

- 16 lectures

- Weekly worksheets handed out on Mondays

- Model solutions and summary notes made available

- Website for online copies of handouts (www.maths.bris.ac.uk/ maajh/ODEs)

- Examined at mid-sessional (January) and in June as part of Calculus exam.

- Textbooks

  1. W.E. Boyce & R. C. DiPrima *Elementary differential equations and boundary value problems*
  2. J. Stewart *Calculus*
  3. F. Ayres and E. Mendelson *Schaum's outline of calculus*
